### **24. RECOMMENDATIONS:**

#### **Awareness:**

Section 26 of the Act mandates the Government to:-

- (a) develop and organize educational programmes to advance the understanding of the public, in particular of disadvantaged communities as to how to exercise the rights contemplated under this Act;
- (b) encourage Public Authorities to participate in the development and organization of programmes referred to in clause (a) and to undertake such programmes themselves;
- (c) promote timely and effective dissemination of accurate information by Public Authorities about their activities; and

(d) train State Public Information Officers, as the case may be of Public Authorities and produce relevant training materials for use by the public authorities themselves.

The Government had to compile in its official language a guide containing such information, in an easily comprehensible form and manner, as may reasonably be required by a person who wishes to exercise any right specified in this Act.

From the above, it is clear that it is the duty and obligation of the Government to create the necessary awareness both on the supply as well as the demand side. For this, it is essential that adequate budgetary allocations are made for conducting seminars, symposiums, workshops as also for the printing of guides and pamphlets. As visual media has expanded rapidly, efforts should be made to effectively use this media. The Commission has observed that the receipt of the complaints and appeals from rural areas need to be improved. Though there is some improvement in the mindset of Public Authorities during the last 2 years still there is scope for its improvements so that the applications under RTI Act are no longer perceived with hostility. The Act which has been passed by the Parliament assented to by the President, and notified has become the law of the land. It is a major step forward in heralding transparency, accountability, openness and Good Governance, and, denotes a paradigm shift to demystify the Government functioning and bring out all the processes involved into the public domain. Thus, it is mandatory for this important item of work, adequate resources are deployed and sufficient funds are made available to inculcate greater awareness, both in the supply as well as the demand side.

Every Department must necessarily come out with "User Guides" so as to ensure proper implementation of the schemes and programme as well as to achieve utmost participation from the public. It should be made mandatory for all the Departments to upload their websites not only on the existing programmes but also on all the new and on going schemes. For such of the Departments who default, adverse notice must be taken and responsibility be cast on the Secretary concerned.

**Performance of the Officers:**

In view of the high profile of the legislation and its crucial role in achieving transparency, accountability, Good Governance and eliminating corruption, it is absolutely important that while apprising the performance of the officers, a specific column is incorporated into the forms of Annual Confidential Reports / Self Assessment Reports prescribed, which should specifically refer to the officers' attitude towards the

implementation of Right to Information Act. This will go a long way in conveying a message to the functionaries manning the Public Authorities that the Government are very serious about its implementation and a negative approach to the Act can jeopardize the careers and promotional avenues of the officers concerned.

**Remuneration to APIOs and PIOs:**

RTI Act is a legislation which has very strict time limits for execution and for delays caused and there is a personal liability on the Information Officer concerned. As the Act gets more acceptance, there will be significant increase in the number of applications received which will have to be processed within the time limit prescribed. This implies a significant increase in the work load on the officers dealing with the subject. Often they have to pursue matters coming in the jurisdiction of their seniors and this may also invite incurring their displeasure / annoyance. As the second appeal with the Commission is concerned, the culpability of the Information Officer is very clearly defined. Thus, it is clear, that the job of the Information Officer will become a high risk assignment which causes a heavy additional burden and exposes the officers to punitive action while at the same time there is no compensatory monetary relief. In view of the above, it will be in the fitness of the things, if some token honorarium is given to all such officers who are designated as the APIO or PIO.

As per the practices in vogue, whenever the need arises, all those associated with the election work come under the administrative control of the Election Commission of India. Similarly, all such officers who are designated as Vigilance Officers come under the administrative control of the Vigilance Commissioner. This ensures a certain degree of unified command structure, and insulates the field level functionaries from extraneous influences. On similar lines, it is suggested, that all the Information Officers must come under the administrative control of the Information Commission and once designated, they cannot be transferred, changed or altered without the prior permission of the Information Commission.

**Allotment of Budget:**

Keeping in view the critical importance of the legislation which aims to create an open, transparent and accountable administration, it is recommended that each Department must earmark at least one percent of its budgetary allocation towards meeting its obligations under this Act.

## **25. SOME IMPORTANT CASE LAW**

### **Appeal No. 320/IC-DR/2006, dated 26-06-07 - Supply of Note Files**

Name of the Appellant : Sri O.D.Sharma  
Public Authority : Prl. Secretary (PR&RD Dept.)

An appeal was filed before the Prl. Secretary to Govt., PR & RD Dept., requesting to furnish note files of 3 files of 2002, 2003 and 2004 years of PR & RD Departments. As the appellant did not get the note files, he filed an appeal before this Commission requesting to issue instructions to the Prl. Secretary to Govt., to furnish the note files as requested by him. It is clear that “file notings” do not fall in any of the exempted category in terms of section 8 and also, as per the definition given u/s 2 (f), 2(i) and 2 (j) it is abundantly clear that “file notings” have not been excluded and the public authority **MUST** disclose the “file notings” as and when an applicant asks for them.

The plea of the Prl. Secy., PR & RD Dept., that the information sought for has been exempted u/s 8(1) (i) of the Act has no relevance and cannot be accepted. Sec. 8(1) (i) provides exemption for cabinet papers including records of deliberations of the Council of Ministers. But, in the instant case of compassionate appointment is NOT a matter for a Cabinet Decision as per rules of Business. Therefore, the stand taken by the Prl. Secy., PR & RD Dept., that “note files” cannot be furnished as per exemption from disclosure under Sec.8(1) (i) of the Act has no legs to stand, and the same is not tenable.

*“On 13.6.2007 the case was called. The Appellant requested for the adjournment of the case to 21.6.2007 vide fax letter dated 12.6.2007. The respondent was present and submitted a copy of the note files sought by the appellant. The Commission directed the Respondent that the same be supplied to the Appellant through **Registered Post with Acknowledgement Due** forthwith and a compliance be sent to the Commission before 5 p.m. on the same day i.e., 13.6.2007.”*

The respondent submitted compliance report together with postal receipt before the Commission as directed.

Based on this decision Govt., through Circular U.O. Note No. 2474/RTIA/KPS/GPM&AR/07-02 dated 12.6.07 issued orders clarifying that note files also have to be furnished.

**Appeal No. 2559/CIC/07 dated 5.6.07 - Tender documents to be in public domain - No exemption u/s 8(1)(e)**

Name of the Appellant : Sri S. Basu  
Public Authority : Director (PA&W), Singareni Collieries Company Ltd.

Singareni Collieries refused to furnish information on tenders relating to purchase of PROMTRACTOR DOZER / PIPELAYER and other equipment which were already finalized, on the ground that it was exempted U/s 8(1) (e) of the RTI Act. The Commission held that information on the tender evaluation must be in public domain and MUST be disclosed. *“This Commission having examined the material available on record and also having perused the written submission made by the Respondent and after hearing the rival contentions of the parties is unable to agree with the contentions of the Respondent. This Commission upholds the contention of the Appellant that the information requested for is within the public domain and the same **MUST** be disclosed. The Act stands for transparency, accountability and eradication of corruption. As huge amounts are involved, the process of tender evaluation **MUST** necessarily be in the public domain. The public has a right to seek full information on the evaluation of tender documents and minutes of the tender committee are vital ingredients. These will have to be in the public domain and fiduciary relationship clause cannot be invoked.*

*In the light of the aforesaid discussion, the request of the Appellant is within the public domain and the same must be disclosed”.* SCCL has implemented the above order.

**Appeal No. 3239/CIC/2007, Dt. 24-08-2007 - Private sugar factories also come under the purview of RTI Act**

Name of the Appellant : Sri Pulla Raja Goud  
Public Authority : Commissioner of Sugar & Cane Commissioner

On a complaint received that Private Sugar factories were not furnishing information under RTI Act stating that they do not come under the RTI Act, the Commission through Lr.No.3239/CIC/2007, dated 24.08.2007 gave instructions that under Sec.2(f) of the RTI Act any private body which can be accessed by a public authority under any other law also is required to furnish information and directed the Commissioner of Sugar and Cane Commissioner to issue instructions. Accordingly the Commissioner of Sugar and Cane Commissioner through his letter Rc.No.C2/895/2005, dated 10.09.2007 issued instructions clarifying that even private Sugar Factories come under the purview of the RTI Act.

**Appeal No.496/CIC/07 dated 28.5.07 - Applicability of Sec. 8(1) (h)**

Name of the Appellant : Sri T. Ramesh Reddy  
Public Authority : Chief General Manager, APIIC

An applicant filed an application before the PIO /A.P. Industrial Infrastructure Corporation seeking the details of Survey Numbers, names of house owners whose lands were deleted due to presence of houses, religious structures, house plots etc., in respect of Turkayamzal, Nadargul, Bongluru and Adibatla Villages in the finalization of Outer Ring Road (ORR). "The appellant further stated that as the information received was insufficient, he filed an appeal dated: 11-12-06 before the Appellate Authority, APIIC and that the Appellate Authority informed him through his letter No. 22126/ED-1&AA/RTI-2005/2006, dated: 11-01-2007 that the information sought for by the appellant cannot be provided u/s 8(h) of RTI Act, 2005 as the matter is under CBI investigation".

"The Appellant therefore, filed appeal before the Commission requesting to provide the information.

"On 25-05-2007 the case was called. The Appellant was absent. The Respondent, the Chief General Manager, APIIC was present. The plea of the respondent is that as the matter is under investigation of the CBI ipso-facto, sec 8 (1) (h) of the RTI Act, 2005 is applicable. This is NOT what the law says. Sec 8 (1) (h) of the said Act is to be invoked only when "it impedes the process of investigation". In the absence of any such request made by the investigating agency i.e the CBI, this section is not-applicable and therefore non-maintainable. Moreover the Commission observed that the information asked for are pure facts which cannot be altered whatever the stage of investigation. In view of the foregoing, the Commission directed the Respondent to supply the information requested within 30 days of receipt of this order to the appellant and report compliance to this Commission".

**Appeal No.2909/CIC/07, dated 27-10-2007 - Access to file noting and legal opinion of APP - No exemption under Sec. 8(1) (h)**

Name of the Appellant : Sri Hari Kishan Agarwal  
Public Authority : ACP, Asifnagar Division, Hyd.

One Applicant sought to peruse the file noting of Dy. Commissioner of Police and also a copy of the legal opinion given by APPO. The PIO/Inspector of Police, through letter No.ILHO/02/2007 dated 23.5.2007 informed the Appellant that the noting of the

then DCP in connection with Cr.No.288/03 vide CC No.705/04 and Cr.No.193/04 vide CC No.765/04 are part of investigation of the above cases and the matter will be informed to him after finalization of investigation process. He further informed that with regard to legal opinion of APPO on the proceedings of Section 145 Cr.P.C., it is in the process of finalization and the matter will be informed to him very soon.

Aggrieved by the decision of the PIO, the Appellant filed an appeal before the Commission. The Asst. Commissioner of Police concerned through his letter No.788/ACP-AN/OW/2007 dated 30.9.2007 addressed to the Appellant informed that the noting of the then DCP in connection with Cr.No.288/2003 vide CC No.705/4 & Cr.No.193/04 vide CC No.765/04 are part of investigation of the above cases and the same will impede the process of investigation and as such it will be informed to him after finalization of investigation process and with regard to legal opinion by APPO on the proceedings of Section 145 Cr.P.C. it is in the process of finalization and the matter will be informed to him very soon.

On 23.10.2007 the case was called. The Appellant and the Respondent were present. The Commission is of the view that the Respondent's plea of rejection u/s 8(1) (h) is not maintainable as the case has already been closed and there is no "offender" as of now. The Commission directed the Appellant to approach the Respondent for perusing the file, for which the Appellant agreed. The Commission further directed the Respondent to allow the Appellant to peruse the file and also to supply the copies requested by the Appellant.

**Appeal No.1206/CIC/07, dt. 28-05-07 - Respondent sending reply to HOD instead of to the Appellant – not correct**

Name of the Appellant : Sri G. Ramachandra Rao  
Public Authority : Director of Health, A.P.

An appellant filed an application to the PIO / DMHO seeking information on mis-utilisation of funds under Family Planning Programme, action taken against the persons responsible. As the appellant did not get the information even after he filed an appeal before the Appellate Authority/Director of Health, he approached the Commission.

On 25-05-07 the case was called. The Appellant and the Respondent were present. The Appellant confirmed the receipt of partial information. The Respondent stated that the information was sent to the Commissioner of Family Welfare Department. The Commission pointed out that the plea that the information was sent to the Commissioner of Family Welfare Dept., cannot be accepted as it has no locus standi in

the matter. The Commission pointed out that under the RTI Act, 2005 the PIO has to furnish information directly to the applicant and his obligation does not abate by sending the information to the higher ups in the Department i.e., Commissioner. The Commission directed that the Respondent must supply the remaining information also to the appellant within 30 days from the date of receipt of this order.

“The Commission hereby directs the Prl. Secretary to Govt., Revenue Dept., A.P.
